Share landlord resources

Our spreadsheets and calculators are our most popular landlord resources. Feel free to share these with your customers via email. If you do, don't forget to share your affiliate link too. The ROI calculator is especially good as a sales tool for showing landlords just how much time and money they can save with property management software.

Spreadsheets for landlords

Rental income and expense tracker
A fast and effective way to manage property income and expenditure.

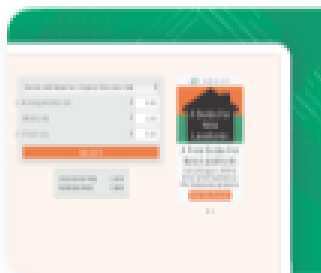

Rental payment spreadsheet
A spreadsheet to help you track rental payments, arrears, and issue receipts.

Property calculators

ROI calculator
This ROI calculator will show you how much time and money you can save by using Landlord Vision for property management.

Rental yield calculator
The rental yield calculator lets you work out gross and net rental yields on individual properties or your entire investment portfolio.
